

Executive Search

Essential Solutions is the Silicon Valley's premier retained executive search firm specializing in the placement of highly qualified leaders for companies in wireless, communications, and related technology industries. Founded in 1992 by Aaron Woo, the Essential Solutions team is comprised of senior search professionals who are executive-level target industry veterans.

The Essential Solutions Advantage

The Essential Solutions Advantage ensures fast delivery of highly skilled candidates with outstanding qualifications to complete executive teams and drive company success.

FOCUSED: Deep domain expertise in its target technology industries provides ready access to highly qualified domain-expert executives with outstanding credentials.

FAST: Essential Solutions' deep, targeted network, state-of-the-art processes, and professional commitment accelerate search closure.

TRUSTED: For over a decade, Essential Solutions has built a reputation based on results and has become a trusted partner with VCs, company founders and executive teams in high-growth companies throughout the Silicon Valley.

"Essential Solutions is a top tier search firm that offers highly personalized service and consistently succeeds for its client companies."
